**Pursue growth patterns in the tens and in the hundreds.**

What changed each time? (I added a hundred)
Build and record the number each time

132   232   332

100   30   2

Put them in order (greatest to least or least to greatest)
Go further in the sequence forward and backward.

__ __   132 232 332 __ __   OR   132
   232
                                                332

What is changing each time? Place them on an empty numberline..
What are some numbers they are close to?

122   132   232   332   432   532

What changed each time? (I added a ten)
Build and record the number each time

| 3 3 2 | | 3 4 2 | | 3 5 2 |

| 300 | | 30 | | 2 |

Put them in order (greatest to least or least to greatest)
Go further in the sequence forward and backward.

__ __   332 342 352 __ __   OR   332
   342
                                                 352

What is changing each time? Place them on an empty numberline..
What are some numbers they are close to?

301   312   222   332   3432   352   362
