Led by renowned T<sup>3</sup> instructors, the T<sup>3</sup> Summer Workshops are an exceptional networking, sharing and learning experience.

Through hands-on, subject-specific training, new and experienced educators learn how to:

- » Integrate TI technology into your teaching
- » Use the latest graphing technology to encourage student exploration of math and science concepts
- » Incorporate new ideas and activities in the classroom

In addition, attendees will receive a TI-Nspire™ CX handheld and TI-Nspire™ Teacher Software or a TI-84 Plus™ C Silver Edition graphing calculator and TI SmartView™ Software included in the **\$350 registration fee**.

**T<sup>3</sup> Summer Workshop Special pricing offers\***

- » Register 5 attendees get a 6th for free
- » \$125: Preservice teacher price including technology

\*Offer ends May 31, 2013
